# WE ARE WARRIORS

A collage of black and white photographs showing various activities of the Delta Psi chapter. The central focus is a large, stylized 3D letter 'D' with the number '47' inside it. Surrounding the 'D' are several photos: a group of men sitting in a circle on a field, a man standing and addressing the group, a man performing a handstand, two men smiling, a group of men on a rope climbing structure, and a group of men on a wooden platform with ropes.

It isn't the task which makes a warrior. Rather, it's the heart and spirit which, having been tempered on the forge of truth and tried by fire in the flames of life, commit themselves to the inevitability of conflict.

At that moment of cognizance, the true warrior lays out a grim, relentless course which ultimately leads to victory-- or death.

Thus anyone can be a warrior; all you have to do is pay the price.
